

BeyondID

Identity Platform Assessment

BeyondID's Identity Platform Assessment (IPA) is designed to help you discover how modern identity journeys are aligned with the strategic goals and priorities of your organization. It provides a comprehensive analysis and proposal detailing prioritization of modern identity capabilities based on the business value for you.

Drive IAM Modernization Initiatives Forward

Rely on BeyondID's expert advisory services to define and refine elements of your modernization roadmap strategies.

Detailed Analysis and Action Plan

Unearth insights into the state of your business through the discovery process. Receive detailed solution proposals that will support core business needs and long-term strategies.

Resource Enhancement

Engage top-level, quality service from certified experts at a lower cost than hiring & retaining full-time staff.

Ongoing Service From BeyondID

Implement your solution utilizing BeyondID experience and resources. Then, ensure service uptime, security and performance with BeyondID 24x7 Service Management.

At-a-Glance

- > BeyondID guides you through the identity assessment to define current state and requirements.
- > Prioritizations are assigned according to business value delivered.
- > An in-depth assessment report is delivered summarizing everything, including a gap analysis and roadmap.
- > A solution proposal is also provided that defines use cases, scope, plan, resources, and estimate.
